"If you're starting your own journey, don't give up, keep pushing, because success is just on the other side of fear."

In 2020, just when I needed extra income after deciding to raise my kids on my own, I found Nice & Bella. I was working two jobs but still struggling, feeling exhausted and unfulfilled. **Now, everything has changed. I work from home doing something I love, and I get to enjoy the freedom of spending more time with my family.** The training and support have made me feel valued, and I love helping other women reach their dreams. I've earned unforgettable trips, bonuses, and even bought my own house in my home country. But **what means the most to me is seeing my kids proud of what I've built.**

“With Nice & Bella, I've found a path to pursue my passions and create the future I've always dreamed of.”

Nice & Bella has truly been a blessing. Sharing the teas has been incredibly rewarding, as it allows me to help others while also benefiting my own health. I start my mornings with **Matcha Green Tea**, either enjoying it as a warm latte with milk or a refreshing cold drink with ice. **I love adding it to my smoothies for that extra boost of energy.** It's become the perfect way to start my day and feel energized. In the evening, I make it a point to unwind with Rooibos Red Tea. I add a little cinnamon, which helps me relax and wind down before bed. It's become such a calming, peaceful part of my daily routine. This simple routine has made a huge difference in how I feel, and I always recommend it to my clients.

“My business with Nice & Bella It's flexible and empowering, and allows me to connect with people, offering them wellness and style.”

Nice & Bella came into my life a little over a year ago through a friend. **I first fell in love with the jewelry for myself, but soon saw the opportunity to build a business with beautiful, high quality pieces and natural essential oils.** Sharing the KIDS essential oils has been deeply rewarding. I've had the privilege of helping countless people enhance their well-being, and I've witnessed firsthand how truly beneficial they are for families. Apart from the amazing benefits, my family loves them too! **Being a Distributor means I have the chance to build a business with amazing products, all while growing both personally and professionally.**
